No radio station in Nigeria beats these three:

Nigeria info lagos

Cool Fm96.9 lagos

Beat FM 99.9 lagos.

They practically have the best oaps in Nigeria.

I seem to have a tepid crush on Nelly Kalu. Those who listen to Nigeria info would be familiar with her. She's a true definition of beauty and brains, not those Nigerian college girls that memorize to get a first class, but can't express themselves articulately or use their degrees to create any useful impact in society.

Radio Stations are still in vogue? I can't remember the last year I listened to Radio station.

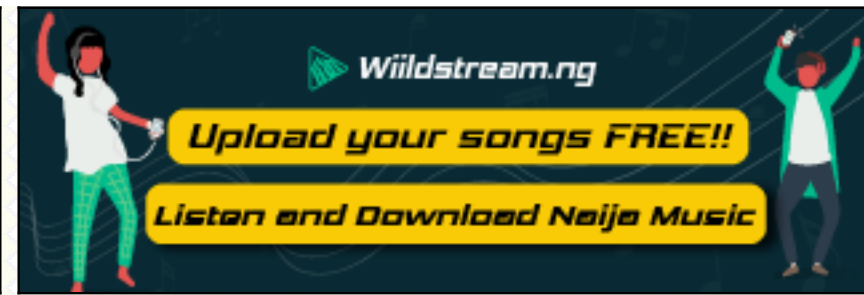

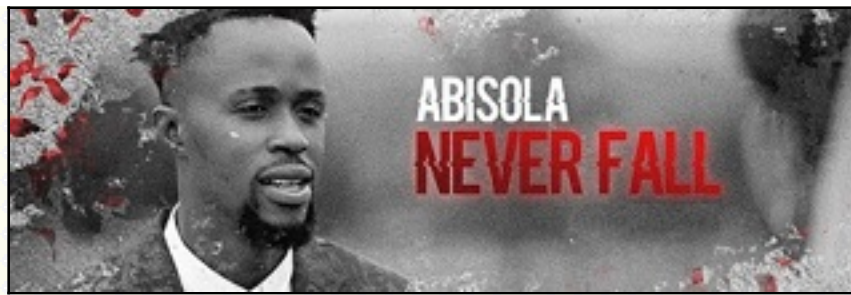

The last time I tuned in, it was all deceptive adverts, politics and noisy Nigerian music.
